

Legal Proof®: Email Content Delivered

The Power of Proof™:

The Registered Receipt™ email record is a durable, self-contained, and self-authenticating proof record of the entire email transaction, returned to the sender for each Registered Email™ sent. The Registered Receipt™ authenticates and accurately reproduces the original email including attachments, without RMail or any third party storing a copy of the email, attachments or records.

HTML file reconstructs the transaction, is durable and self-contained.

Message status and metadata of the transaction is contained in XML format or can be extracted via API.
